SYSDYNE EXPANDS TEAM WITH NEW HIRES

SYSDYNE, the preeminent leader within the concrete batching and dispatch industry, is building on the momentum from 2015 where **SYSDYNE** experienced record growth in customers, subscriptions, and new product innovation. As we continue to expand our domestic and international customer base and to introduce to new products and services, we are adding to our experienced staff with several key new additions.

JAVIER "JAVI" RIVERA - SALES MANAGER - LATIN AMERICA

Javi joins **SYSDYNE** with an extensive background in the ready mix concrete industry and has twenty years of customer service experience. Before joining **SYSDYNE**, Javi worked at Trimble Construction Logistics division for over a decade. He was the regional sales manager of Latin America and traveled to many countries in the region. Prior to becoming a regional sales manager, Javi was the implementation manager for TrimFleet Management solution. Javi will spearhead the effort in expanding **SYSDYNE'S** footprint in all Spanish speaking countries. Javi has a Bachelors degree from the University of Puerto Rico.
